

Extract from an email from Jane Urquhart

Anyway, I mean every word of it. Thanks so much for all your help. I had a great time.

Best to you both,

Jane

**It is a great pleasure to hunt for a house with Chris O'Dea. Not only is he a thorough and highly professional real estate agent, but he also has a vast knowledge of heritage architecture and times gone by in Newfoundland. These qualities enable him to recount the history --- both structural and anecdotal --- of almost every dwelling in St John's. He is truly interested in getting to know his client, and this in turn facilitates an uncomplicated and pleasant journey to the new home that best reflects that client's personality, as well as the needs of his or her family...a marvellous experience.**
